Full Stack Mentor + Backend Developer | Coimbatore, IN

SUMMARY

- MERN Stack Mentor and Backend Developer with 4+ years of experience in designing, developing, and optimizing scalable web applications using MongoDB, Express.js, React.js, and Node.js.
- Delivered production-ready solutions by improving API latency by 45%, creating reusable UI component libraries, and reducing frontend development time by 30%.
- Skilled at translating business requirements into technical deliverables, mentoring developers, and implementing best practices in REST API development, Git-based version control, and code quality standards.

EDUCATION

S.K.S.S ARTS COLLEGE, BHARATHIDASAN UNIVERSITY | Bachelor of Computer Applications
Kumbakonam, IN | 2018–2021

- Major: Computer Applications and Programming Languages
- Focused on full-stack development fundamentals, database management, and object-oriented programming.

SKILLS & CERTIFICATIONS

- **Technologies:** HTML5, CSS3, JavaScript, ReactJS, NodeJS, ExpressJS, MongoDB, MySQL, PostgreSQL, Docker, SpringBoot, REST API, Git & GitHub, Micro Service Backend Development
- **Certifications:** Frontend Developer, Backend Developer, UI/UX Developer, Angular Developer, Node.js Developer

PROJECTS

- AI-Powered Interview Preparation Platform: Engineered a full-stack web application featuring secure authentication, AI-generated interview question preparation, and comprehensive user profile management, enabling personalized learning experiences.
- Task Management Application – iamNeo: Architected role-based access control, RESTful APIs, and array-based in-memory storage for rapid prototyping.

EXPERIENCE

ENTRI | Full Stack Mentor cum Developer
Coimbatore, IN | Feb 2025 – Present

- Led a team of Full Stack Mentors, training and mentoring over 50 developers in MERN stack (MongoDB, Express.js, React.js, Node.js) technologies and Agile methodologies.
- Developed a full-stack AI-powered Interview Preparation Platform with secure authentication, AI-generated interview questions, and user profile management features.
- Conducted weekly code reviews and debugging sessions to improve software quality, reduce defects, and ensure adherence to coding standards.

IAMNEO | Associate – Technical Trainer
Coimbatore, IN | Jun 2024 – Feb 2025

- Delivered 300+ hours of training covering JavaScript ES6+, React hooks, Node.js API development, and database integration.
- Collaborated with product teams to embed coding challenges into LMS, increasing learner engagement by 40%.
- Designed RESTful API best-practice modules, including authentication (JWT) and secure password handling.

EDUREKA LEARNING CENTRE | Java & MERN Full Stack Trainer
Chennai, IN | Apr 2023 – Apr 2024

- Conducted 350+ hours of instruction in Java (Spring Boot, Hibernate) and MERN stack technologies for over 120 learners.
- Developed capstone projects integrating front-end frameworks with backend APIs and cloud-hosted databases.
- Facilitated mock interviews, live coding sessions, and code quality workshops to boost placement readiness.

ACHARIYA INFOTECH | Full Stack Trainer (MERN)
Kumbakonam, IN | Aug 2021 – Apr 2023

- Delivered in-depth training on JavaScript fundamentals, Node.js backend development, and MongoDB data modeling.
- Designed coding assignments assessing problem-solving, API consumption, and responsive UI implementation.
- Mentored over 100 learners toward securing junior developer roles across diverse tech stacks.
